

System Administrator (m/w)

Location: Zurich, Switzerland

Job Status: Full Time, Employee

JDFX Technologies is looking for an experienced, energetic, innovative, System Administrator to join our IT Enterprise Infrastructure team. This position will be responsible for support of the daily operations of IT infrastructure and development teams. The successful candidate will need to be able to multi-task and get up to speed quickly in a dynamic IT environment. Good verbal, written, and interpersonal communication skills are a must. Occasional weekend work and minor travel from office to various datacenters may be required.

Candidate must be able to meet the following criteria:

Required Education (including Major):

- B.S./B.A. in Computer Engineering, Electrical Engineering, Computer Science, Mathematics or
- equivalent experience/education

Required Skills:

- Maintaining and enhancing the operational readiness and performance of the laptop, desktop, server, and networking infrastructure
- Troubleshoot complex problems across LANs, WANs, server, and desktop connectivity, operating systems, and application anomalies with various teams
- Complete technical documentation of system processes and configurations
- Development of networking & system policies, procedures, and standards
- Maintain contacts and relationships with key components of the IT organization, including consultants and vendors
- Unix/Linux Administration Experience
- Excellent Networking knowledge - VPN, firewall, switches, TCP/IP, SSH, DNS, DHCP, HTTP (Apache server)
- Database administration (MySQL/SQL)
- Strong Documentation skills (Visio)
- Windows XP/2003 (Installation/Maintenance)
- Troubleshooting basic PC software/hardware problems
- Experience with User and Group security permissions management
- Competency in backup and disaster recovery techniques
- English is required

Desired Skills:

- Solaris 9/10 and Windows Server 2003 Server/Exchange
- Knowledge in Asterisk (VOIP) and Fortinet Fortigate Firewalls
- Shell/Perl scripting

JDFX Technologies is a young, dynamic company developing their own trading platform for the FX market. JDFX provides Risk-Management-Services for Retail-Broker on one hand and automated trading algorithms on the other.
